Subject: Constitution of technical committee for promotion of Carp culture in the UT of J&K.

ORDER NO. 439 - Fisheries of 2023

Dated: 04 -10-2023

It has been observed that carp fish production under culture fisheries in the UT is not up to the mark. The results from government as well as private sector are not encouraging although huge infrastructure in the shape of carp farms, hatcheries and ponds stand established all across the UT. Therefore, in order to revive and promote carp culture fisheries in the UT, a committee of following officers is hereby constituted to oversee the causes of slow growth in carp culture and shall recommend the remedial/ corrective measures to be taken for making it productive and harnessing the potential from the existing resources at optimum levels.
